I. Background / Rationale

To enhance the teaching-learning process and support differentiated instruction in Science and Mathematics, the school aims to integrate **Khan Academy**, a free online educational platform that offers interactive lessons, videos, and assessments. This SLAC session will serve as a venue to train and orient teachers on how to use the platform efficiently, customize content for learners, and monitor student progress.

II. Objectives

By the end of the session, participants will be able to:

1. Navigate the Khan Academy interface for both teacher and student accounts.
2. Integrate Khan Academy into their daily lesson planning and classroom activities.
3. Assign lessons, quizzes, and monitor student performance via the teacher dashboard.
4. Customize content based on learners' needs in Science and Math.
5. Identify possible challenges and solutions in implementing Khan Academy in a classroom with limited resources.
